Situation

Mt. Carroll is situated on the Chicago, Milwaukee & St. Paul Railway, 128 miles (three hours by the fastest train) immediately west of Chicago on the Omaha division of this line. It is 150 miles southwest of Milwaukee on the Racine & Rock Island division. Two transcontinental trains, including the famous "Overland Limited," to and from Chicago and San Francisco and Los Angeles pass through Mt. Carroll daily, stopping to let off sleeping-car passengers from distant points. Express trains, likewise, between Chicago and Denver, Omaha, Sioux City, Chamberlain (South Dakota), St. Paul, Minneapolis, Kansas City, Ottumwa, Des Moines, Cedar Rapids, Marion, and intervening points pass through Mt. Carroll daily, furnishing the best of facilities for transportation. Particular attention is invited to the fact that passengers from the numerous places on the lines of the St. Paul and Union Pacific roads, can reach Mt. Carroll *without any change of cars whatever*, there being, in the case of many of these points, three trains a day.

The railway company, on request, adds a special car for the exclusive use of Academy pupils and teachers to the train leaving Chicago at 5:15 P. M. on the evening before the opening of school in September and January.

The town is ten miles from the Mississippi River, beautifully located among picturesque hills, and is justly celebrated for its beauty and healthfulness. The school stands on high ground, and overlooks a landscape rich and varied. The grounds consist of twenty-five acres, a large part of which is protected and shaded by many majestic old pine, maple, and elm trees. Orchards furnish various kinds of fruits, and a kitchen garden supplies the table with fresh vegetables. The water supply is obtained from an artesian well drilled 2,500 feet into the rock.

Aim

The main object at which the Academy aims is to fit its pupils for life—to secure the trained intellect, the refined sensibilities, the self-controlled will, the enlightened conscience, which together make a noble and symmetrical womanhood. It is a preparatory school, but it is far more than that.

The pupils are brought into constant contact with teachers of culture, refinement, and experience, who know how to meet the needs of young girls, and who enter sympathetically into their work and play. The appeal made is to the best in a girl; and results show that in most cases the appeal is successful. A series of years in such a school, or even a single year in some cases, will deeply and favorably affect the whole tenor of a girl's life.

THE FRANCES SHIMER ACADEMY

Character.—Every applicant for admission must present a written statement of recent date, from pastor or teacher, giving assurance that she is in every way a suitable person to be a member of a home school for girls.

Equipment

It is confidently believed that no better equipped home is offered its patrons by any school for girls in the West. The school has the advantage of fifty-three years of history, experience, and traditions; yet its equipment is entirely new. It has been rebuilt since 1903. The buildings, solidly constructed of brick and stone, are heated by steam, lighted by electricity, and furnished with hard and soft water and all modern conveniences.

West Hall

The new Hall, occupied September 11, 1906, designed by Architect C. A. Eckstorm, Chicago, 154×40, is a perfectly equipped home for over fifty people, in addition to reception rooms, parlors, dining-room and Dean's apartments. On the ground floor are reading-room, pupils' recreation room, pupils' kitchen, Young Women's Christian Association rooms, dining-room, serving-room, and kitchen—all built on most approved modern plans. A studio of artistic design is on the upper floor. Standpipe with hose on each floor, and fire escape, are provided with ample stairways in addition.

A central steam plant, with steam laundry connected, equipped with modern machinery, was erected in 1906.

The New Administration Building

Contract for the new Administration Building is to be let early in May, about May 21. The preliminary sketches show a building 105×42 feet over all, 48 feet to comb of roof, 90 feet to weather vane on spire. The tower is ornamented with columns and pediment, fronted with massive steps.

The ground floor contains library, offices, bookstore, study-room and cloak-room for day pupils, science laboratory and two other recitation rooms. The first floor contains the Assembly Hall seating over four hundred, and five recitation rooms, two of which may be opened into the auditorium by sliding screens. The auditorium is to have a beam ceiling. The platform is ample and has convenient stair, exit, and dressing-room.

The material is native and Bedford stone in ground story and red brick for the upper story.

All interior finish is hard wood. Sanitary plumbing, electric lights, and steam heat from central heating plant are provided.

ADMINISTRATION BUILDING
STEAM PLANT AND LAUNDRY

WEST HALL

BAPTIST CHURCH

The building is to be pushed to completion for use in the autumn.

This building brings the equipment of the Academy up to the very first rank among schools for girls. Everything is new and definitely planned for the purpose for which it is used by Chicago architects assisted by the painstaking study of Academy officials immediately concerned.

Hathaway Hall

Hathaway Hall, dedicated in November, 1905, was named for Mrs. Mary L. Hathaway Corbett, of the class of 1869, a sister of Mrs. Hattie N. LePelley of Freeport, a trustee of the Academy, who gave liberally toward the erection and furnishing of the building. The basement contains a modern gymnasium 70×36 feet, besides three shower-baths set in marble partitions, lockers, and all other necessary fixtures. The three upper floors contain parlor, rooms for fifty pupils, baths, and trunk-room. The parlor has been furnished by the Mount Carroll Seminary and Frances Shimer Academy Association of Chicago. No detail has been omitted which would contribute toward making the building a thoroughly modern and comfortable home. Adequate fire protection is secured by a stand-pipe with hose connections on each floor, and fire-escapes on each end, in addition to broad, easy stairs. The hall was designed by Shepley, Rutan & Coolidge, Chicago.

Dearborn Hall

The building for Instrumental and Vocal Music and Domestic Science was completed and opened for use in November, 1903. It is solidly constructed of brick and contains eleven practice-rooms, two rooms for instruction in piano and voice, sewing-room, kitchen, pantry, dumb-waiter, together with hall of generous size and basement complete under the whole building. The building was designed by Shepley, Rutan & Coolidge, of Boston and Chicago. The steam-heat plant is connected with the boilers in central heating plant. Four new pianos have been placed in the building, with new furniture for the Domestic Science Department. The building is named for Mrs. Isabel Dearborn Hazzen, formerly head of the Department of Music for over twenty years.

February, 1906, fire destroyed the old buildings and South Hall. While the sentimental loss is keen the permanent advantage to the Academy in replacing these buildings with perfectly modern structures is great.

Carnegie Library

At the solicitation of officials of the Academy, Andrew Carnegie offered, in February, 1905, to give \$10,000 to build a free public library for Mt. Carroll, if the town would furnish a suitable site and provide by taxation a sustaining fund.

THE FRANCES SHIMER ACADEMY

On April 4, 1905, the town voted by a very large majority to accept Mr. Carnegie's offer, and the library building will be erected during the months of this summer and fall. This library will be a decided advantage to the Academy, as all pupils and teachers will have free access to its privileges.

Steinway Grand Piano

By the efforts of the instructors and pupils and friends of the Department of Music, a Steinway B Grand was purchased for the Academy Assembly Hall in October, 1903. It is a very fine instrument, sold under the usual Steinway perpetual guarantee, and enables the Academy to offer the best possible piano to artists who come for recitals, as well as to its own teachers and pupils.

Electric Clock

All buildings are equipped with electric bells, rung automatically by a Frick Program Clock. This insures accurate time and uniformity of procedure throughout the institution in closing and beginning recitations, as well as in hours for meals, for rising, and retiring.

History

The school which was known for forty-three years as Mt. Carroll Seminary, became in 1896, by the wish of the founder, Mrs. F. A. W. Shimer, an affiliated school of the University of Chicago. After much consideration it was decided that a separate Board of Trustees should be organized to take charge of the school. The Board consists of fifteen members, representing the University of Chicago, the alumnae of the Seminary, and the citizens of Mt. Carroll.

The relation of the Frances Shimer Academy to the University of Chicago is a double one. In the first place, it is an affiliated academy of the University, and, as such, the work of instruction is under the direct oversight of the University. In the second place, four of the fifteen Trustees are Officials of the University. While, therefore, the Academy sustains a relation to the University so intimate as to justify its name, it is an independent institution and seeks a constituency of its own.

The graduates and pupils of Mt. Carroll Seminary are included as graduates and pupils of the Academy, and the large constituency gained in over half a century furnishes a constant source of support, advancing the best interests of the school.

Endowment

At her decease, Mrs. F. A. W. Shimer left the bulk of her property in trust for the benefit of the Academy. The property consists of money and real estate,

HATHAWAY HALL
DEARBORN HALL

chiefly in Illinois, Iowa, and Nebraska. The income from this property makes it possible to furnish excellent facilities at a price comparatively low.

In addition to this, Miss Adelia C. Joy, for twenty years Lady Principal of Mt. Carroll Seminary, who died in October, 1903, in Davenport, Ia., left bequests to the Academy and to the Educational Aid Association. The last is for the benefit of pupils in the Academy who are worthy and who need financial help. The other bequests are for the beginning of an endowment of the chair of Lady Principal, and for the maintenance of buildings and grounds.

Courses of Study

Admission

No student need hesitate about coming to the Academy through fear of being excluded by the entrance examinations. The Introductory Year furnishes an opportunity to make up deficiencies. Students will be admitted to advanced classes on presenting written statements from instructors giving detailed account of work done, or from examination showing their qualifications to carry on the work of these classes with success.

Academic Department

The Courses of Study in the Academic Department include the studies necessary for admission to the best colleges, in addition to two years of work usually taken after entering college. Each student will pursue such of the studies as may be required by the college or university which she desires to enter; or, if she prefers, such other work as may be agreed on.

In the statements which follow, a unit usually represents an exercise daily for the usual school year. In a few of the subjects the recitations occur four times a week instead of daily.

Students who complete fifteen units (three of which must be in English, two in Latin, one in History, one in Mathematics, and one in Science), from the list below, will be entitled to the Diploma of the Frances Shimer Academy.

Physical culture is required of all pupils unless excused by physician's certificate.

Summary of Courses Offered

Each pupil is supposed to have four studies. Strong pupils may carry an extra course in Music, Art, Elocution, or Domestic Science. The recitation periods are forty-five minutes. The figures indicate the number of recitations weekly in each subject.

*Prescribed work in roman type.

Students may be admitted to the University of Chicago upon completing at this Academy any fifteen of the units mentioned above (except those marked with a *). The University recommends that the subjects offered for examination include at least one unit of History, two units of Latin, three units of English, two and a half units of Mathematics, and one unit of Physics.

The Academy examinations by the University are held every twelve weeks. Reports showing term and examination standing will be indicated by the letters A to D. Students who have completed these examinations in the required studies will be admitted to the University of Chicago, the State Universities, to Vassar, Wellesley, Beloit, Mt. Holyoke, Smith, and other colleges without examination.

The time for graduation from the Academic Department is usually four years.

Junior College Courses

Courses from the preceding tables taken in addition to work required for college entrance, may count for advanced standing in the University of Chicago.

The following college work is also offered and will be given when the demand, in the opinion of the Dean, warrants it: American History, English History (in alternate years), English Literature, German III, Latin, and Trigonometry, each counting one unit except the last, which counts one half-unit.

This Junior college work is offered primarily for those who do not expect to take a full college course. It is however the substantial equivalent of the Freshman and Sophomore years of a regular college. Ordinarily a good student who has done six full years' work at Frances Shimer Academy may enter the Junior class at college, provided the work done here is chosen with reference to the requirements of the college of her choice. Some institutions will require examinations before giving credit; some will not.

Pupils contemplating taking Junior college work are requested to write the Dean stating specifically what work they wish to do.

Announcement of Courses Offered

The figure at the right of the name of the course designates the year of the curriculum to which it properly belongs. Thus (4) means the last year of the Academy, (3) the last but one, (2) the second year of the Academy, and (1) the first year. Figures (5) and (6) indicate the first and second years of the Junior College.

The Academy does not promise to give every one of these courses, unless in the judgment of the faculty the demand is sufficient to warrant it. Pupils desiring especially certain courses may usually ascertain early whether they will be given, by writing the Dean.

Introductory Department

While the chief work of the Academy is with pupils of the academic age, it furnishes a home and excellent instruction by experienced teachers for pupils in the grades, even as low as the sixth. A few pupils of the age of ten to thirteen are in the Academy family, and special provision is made for their care. More attention than before will be given to this department the coming year. Those who have charge of young children who must be away from home will find their wants met in this department. The classes are small, and individual attention is given each pupil. The work is that usually given in the sixth, seventh, and eighth grades: the common branches and elementary science.

Normal Department

The Normal Department has been organized by the Academy primarily to meet the needs of two classes of patrons. One consists of those young women who wish to prepare to teach, but do not wish to lose the advantages of home life. The Academy furnishes the comforts and protection of home, including constant oversight of health. The pupils have also the advantage of daily association with the teachers, outside the classroom as well as in it.

The other class of patrons for whom this department is specially intended includes a large number of girls and young women in Carroll and adjoining counties who wish to get themselves ready to teach, but who do not wish to go away from home.

Classes in other departments for which members of the Normal Department are fitted are open to them without extra charge. These include classes in English, Latin, French, German, Mathematics, History, and Science.

SECOND YEAR

American History American Literature
Algebra Class Drawing
Civics Singing

Any girls or young women who have a desire to teach, will find in this department needed instruction and stimulus. Any who are interested are invited to address the Dean of the Academy for fuller information.

Business Course

To meet the needs of those who desire business training, instruction is given by a practical teacher of wide experience in Stenography and Typewriting. This work can be completed in three terms with other studies; alone, in two terms. Touch-typewriting is taught, and one of the best systems of shorthand is used.

The Department of Expression

Physical Culture

Every pupil is required to take daily exercise in the open air. In addition to this, each pupil is required to have two periods a week in the Gymnasium, under the regular instructor, in classes. The Gymnasium in the ground floor of the new Dormitory extends over a space 89×36 feet with ample light, heat, and facilities for shower bath.

The Gymnasium is equipped with wands, Indian clubs, dumb-bells, swinging rings, chest machines, parallel bars, and piano. Other apparatus will be added. Under the regular régime of this work, the exercises being adapted to the peculiar needs of the individual pupil, physical weaknesses are corrected, the chest, waist, limbs are strengthened, the carriage is improved, and the physical condition generally is given tone and vigor. Frequent talks on Anatomy, Physiology, and Hygiene are given.

The work includes fencing, basket-ball, fancy steps, fancy drills, games, the Swedish system of Physical Culture, running and jumping.

A Golf course has been laid out on the Academy grounds, and further labor and expense will be given the grounds throughout the summer. The intention is to make the grounds thoroughly good for this purpose. Naturally rolling and beautiful, the landscape lends itself to golf. The grounds immediately adjoin the buildings, and are easily and constantly accessible. The grounds have been laid out by Mr. F. J. Llewellyn, one of the golfers of the Homewood Club, Chicago, and a trustee of the Academy.

The Academy also sustains facilities for tennis, tobogganing, croquet, and basket-ball.

THE FRANCES SHIMER ACADEMY

Lung Gymnastics

A course in lung gymnastics or scientific breathing is offered, which is helpful for throat and chest troubles and furnishes a foundation for voice work. Proper breathing increases lung capacity and increases the resistance of the pupil as against any tendencies to disease of the lungs. This is a distinct course, offered as private work to any pupils who care to take it as an extra.

A physical record of each pupil is kept, and the exercises are adapted to the needs of the individual. The aim is to develop strength, grace, and freedom of carriage.

Elocution

This department is based on the principles of art. It aims to teach the pupils easy, natural expression of their own thoughts and the thoughts of others. It teaches self-control, poise of mind and body, and develops healthful emotions. Only the works of the best writers are used in this department. Special stress is laid on sight-reading, voice-culture, Delsarte, gestures, recitations, pantomime, monologues, and dramatic art.

Domestic Science

"In human values the 'bachelor of science in domestic engineering' holds the most important position in the world. What is the mere bridge-builder or naval architect to the engineer in the kitchen solving the chemical problems of hot bread and making geometric cakes? Food is the fundamental thing in life, and the home is the basis of the state."—*Youth's Companion*, August 8, 1903.

Domestic Science (or Art) aims to create among girls an ambition to be useful women, to develop a desire for a better understanding of the science in common things. Teaching *how* to do it dignifies labor, shows its proper value, and inculcates a respect for those who must labor, helps in the formation of correct habits of thought and action, teaches cleanliness, economy, accuracy, watchfulness, how to work easily and willingly, and that to be of real service to those with whom we live is the great aim of life.

A Short Outline of Plan of Work

SEWING

1. Plain hand-work (Models).
2. Use of machine, drafting, and making underwear.
3. Drafting and making waists and skirts.
4. Cutting from patterns and making simple dresses.

Entire course tends to cultivate a control of fingers and eyes, good taste, and sensible dressing.

Departments of Music and Art

Department of Music

EMIL LIEBLING, *Visiting Director in Piano*

This artist needs no introduction to the public, but a résumé of his work may not be out of place. While his principal attention has been devoted to a large teaching clientèle he has found time to compose, write magazine articles, lecture on musical topics, and engage in frequent concert tours. Born in Germany, he has been an active force in the musical life of America since 1867; a resident of Chicago since 1872, his name has become thoroughly identified with the artistic achievements of the city, and he is favorably known and honorably mentioned throughout the musical world. Mr. Liebling meets the advanced members of the Piano department individually at his quarterly visits; hears them play and discusses with them different modes of study, practical phases of musical teaching, and also analyzes many forms of composition. The lectures and concerts of Mr. Liebling, given with the assistance of the members of the faculty of music and outside talent at each of his visits, serve to create a musical atmosphere for the school which ordinarily can be enjoyed only in the larger cities. The programs include the most important works of classical and modern pianoforte literature. These concerts are without charge to students of music. Mr. Liebling also, at each visit, examines the work and progress of each pupil and prescribes her studies. These lectures, concerts, and examinations create a lively interest in the subject of music and beget enthusiasm among the pupils.

Mr. Liebling also offers an annual gold medal to be awarded to the best pianist in the department.

The Conservatory of Music conducted by the Mount Carroll Seminary for many years made for itself an enviable reputation for the thoroughness and artistic excellence of its work.

The work as now done by the Academy is rigidly graded and carried forward systematically as in other branches of study.

The regular

Piano Course

which pupils of average musical ability may, by taking daily lessons and practicing three or four hours per day, complete in three years, is divided into six grades:

GRADES I AND II

- Concone, *Studies*, op. 24.
 Czerny, *Velocity Studies*, op. 299, Books I, II.
 Loeschorn, *Studies*, op. 66, Books I, II, III.
 Kullak, *Octave Studies*, Book I.
 Heller, *Studies*, op. 46.
 Bach, *Twelve Little Preludes*.
 Bach, *Two-voiced Inventions*.
 Clementi, *Sonatinas*.
 Haydn, *Sonatas*, Nos. 2, 4, 5, 7, 9.

GRADES III AND IV

- Czerny, *Velocity Studies*, op. 299, Books III, IV.
 Heller, *Studies*, op. 47.
 Cramer, *Studies*, Book I, II.
 Kullak, *Octave Studies*, Book II.
 Bach, *Three-voiced Inventions*.
 Bach, *French Suites*, Nos. 5, 6.
 Mozart, *Sonatas*, Nos. 1, 4, 11, 13, 14, 18.

GRADES V AND VI

- Cramer, *Studies*, Books III, IV.
 Bach, *Well-Tempered Clavichord*, Vol. I. *Preludes and Fugues*, 2, 5, 7, 8; Vol. II, *Preludes and Fugues*, 5, 7, 9, 10.
 Beethoven, *Sonatas*, op. 2, No. 2; op. 2, No. 3; op. 10, No. 2; op. 13; op. 26.

In every grade a sufficient number of pieces will be given to insure proper development of style. The course for graduation also requires sufficient work in accompanying and transposing to render the pupil proficient in both.

Students may enter any grade for which they are found qualified. Some previous knowledge of the rudiments of music is expected of pupils entering the

THE FRANCES SHIMER ACADEMY

regular course. Superior advantages, however, are provided for those beginning music.

Requirements for graduation in the Piano Course include the work of the above-mentioned six grades, together with Harmony one and one-half years, the literary work required of all students of Music and Art (see p. 32), the History of Music one year, and the following selections memorized: one concerto; Mendelssohn G-minor Concerto or equivalent; two Beethoven sonatas; two Bach fugues; two groups of smaller solos.

For those who desire to continue in the school and carry their work to a greater degree of attainment, two courses have been arranged, as follows:

GRADE VIII

(ADVANCED COURSE)

Clementi, *Gradus ad Parnassum*.

Moscheles, *Etudes*, op. 70, Books I, II. (Selected Studies.)

Chopin, *Etudes*, op. 10.

Bach, *Preludes and Fugues*, Vol. I, Nos. 1, 3, 6, 10; Vol. II, Nos. 1, 8, 15.

Beethoven, *Sonatas*, op. 27, No. 1; op. 27, No. 2; op. 31, No. 2; op. 53.

(This course requires a year to complete.)

GRADE VIII

(MEDAL COURSE)

Includes the work of the previous seven grades and

Chopin, *Etudes*, op. 25, Nos. 4, 6, 10, 11.

Henselt, *Etudes*, op. 2.

Kullak, *Octaves* Book III.

Bach, *Fantasia in C*.

Bach, *Tocatta and Fugue in D minor*.

Beethoven, *Sonatas*, op. 57, op. 81, op. 101.

(This course requires a year to complete.)

A demonstrative recital given before the Conservatory pupils is required of each graduate in each course, the program as far as possible being memorized.

Vocal Course

The first and most important consideration in voice-building is the establishment of correct breathing. This fact will be emphasized throughout the entire course.

Outline of Vocal Course

First and Second Grades.—Exercises for tone production; exercises in breathing; elements of notation; exercises in vocalization and solfeggio; sight-singing.

STUDIO

HATHAWAY HALL PARLOR

PUPILS' ROOMS

Third and Fourth Grades.—Exercises in vocalization and solfeggio continued; exercises for articulation in English and Italian; Marchesi's studies in Italian; arias of moderate difficulty; ensemble singing; sight-singing continued.

Fifth and Sixth Grades.—More difficult studies in phrasing and expression; exercises for flexibility, embellishment, etc., at the same time building and memorizing a repertoire of church, concert, and operatic music.

Requirements for Graduation

A knowledge of the best songs of the modern German, French, and English composers; the most noted songs from Schubert, Schumann, and Franz.

Arias from the standard oratorios.

Arias from the standard operas.

Anthology of Italian songs of the seventeenth and eighteenth centuries.

A knowledge of piano music, equal to the first and second grade of the Piano Course.

Harmony and Musical History. The course in Harmony extends over one and a half years. The course in Musical History extends throughout one year, two lessons a week. Required literary work (see p. 29).

For those satisfactorily completing the regular course and desiring to be more proficient, an advanced course has been arranged.

Advanced Course

The continuation of first course, with more finish and breadth of style.

Greater familiarity with the standard operas and oratorios.

Bordogni's 36 *Vocalises*, Books I, II.

Exercises, studies, and pieces of noted difficulty.

Proficiency in sight-singing.

A knowledge of piano music equal to third grade.

The final examination will include the rendering of a recital program memorized.

Public School Music

This department offers an opportunity for comprehensive study of the Theory and Practice of Public School Music to those who desire to prepare for teaching and supervising music in the Public Schools.

The course covers the work from the primary grade to the close of the high school. Child Voice and Rote Songs. Unifying of voices. Monotones. Ear training and visualizing. Notation and dictation. Major, minor and chromatic scales.

Different rhythmic forms.

Mutation of voices.

Art of conducting.

THE FRANCES SHIMER ACADEMY

Violin

Arrangements have been made to continue during the scholastic year 1907-8 instruction in violin.

The violin course comprises studies by Wohlfahrt, de Bériot, Dancla, Kayser, Kreutzer, Mazas, Gavinié, Dont, etc., and solos by standard composers: Dancla, de Bériot, Vieuxtemps, Alard, Wieniawski, Spohr, etc.

Department of Art

Course in Art

First Year.—Charcoal drawings from objects and from casts. Painting from still-life. Sketching in pencil and charcoal, from nature. Exercise in composition.

Second Year.—Cast drawing of foreshortened heads, and of figures, in charcoal and crayon. Pen-and-ink drawing. Painting from still-life, in oil and water-colors. Sketching from nature, in various materials. Perspective and anatomy. Modeling in clay.

Third Year.—Drawing from the more difficult antique casts and from life. Painting in water colors and oil, from still-life and flowers, and out-of-doors.

Fourth Year.—Painting of flowers, in the various materials and from nature; of the head and draped model, from life.

Advanced Course

Those who have completed the regular course and desire to continue are given a year of advanced work.

The course consists of original studies from nature, in any material used in the school. These are expected to show the pupil's idea of composition in form and color. They are to be landscape, portrait, full-figure, and still-life.

A thesis on some art topic, approved by the instructor, is written in the fall term. This course is expected to need three hours' instruction daily in the studio.

China-Painting

China-painting is offered as an elective to such pupils as desire it.

Equipment

New casts are being added to the studio from time to time.

Graduation fee	5.00
Electric light, two pupils in a room, for the year, each	4.50

No pupil is received for less than twelve weeks. All school bills are payable twelve weeks in advance, at the opening of each term. (See p. 34.) To get cost for one term of twelve weeks divide yearly charge by three.

1. *Laundry*.—The laundry must be plain. All pieces difficult to iron will be charged extra. Shirt waists extra between December 1 and April 1. All laundry not plainly marked with *indelible* ink, with owner's name (initials not sufficient), will be marked by the Academy, and a charge will be made therefor.

2. During illness pupils pay for the services of the Academy nurse for time actually given, and for simple remedies furnished on application. In serious illness pupils employ a special nurse and physician.

3. It is understood that all house pupils enter for the year, unless written arrangements to the contrary are made on entering. Pupils who ask to give up

THE FRANCES SHIMER ACADEMY

their rooms, for any cause, during the year, without giving six weeks' notice to the Dean before the beginning of any term, may be charged for one-half of the succeeding term not taken.

4. *Payment of Academy Bills.*—The bill for each term is to be paid on or before the first day of the term, and any pupil who registers for work in any term becomes liable for the expense of twelve weeks, whether day pupil or house pupil. If bills are desired before payment is made, they should be asked for long enough in advance to have drafts in the hands of the Dean by the first day of each term. For dates see calendar, page 5. When students are compelled to be absent by protracted illness covering four weeks or more during term time, the loss for the time after room is surrendered may be shared between the pupil and the Academy; time to be reckoned from date when written notice surrendering the room is received by the Dean.

5. *Student Service.*—The Academy offers a limited number of worthy pupils of limited means opportunity to reduce their expenses by doing tutoring, clerical work, or ordinary housework. Prospective students who seek aid from this department should write the Dean, stating what part of the regular bill it is essential that they earn, and what kinds of work they are able and willing to do.

6. Books, stationery, art materials, toilet articles, indelible and writing inks may be purchased of the Academy at usual rates. These articles will be sold on credit and an account will be rendered at the end of each term to patrons who deposit \$10 with the Dean at the opening of each term to cover these bills. Unexpended balances will be returned. Those who prefer not to make deposit can secure supplies for cash.

Parents who wish to intrust spending money for their daughters to the care of the Dean may do so. The Academy possesses a safe in which such sums are secure.

7. *Deposit on Room.*—Applications for rooms should be sent to the Dean. The sum of \$10 must be deposited when a room is engaged, and no room will be reserved unless this deposit has been made. This deposit will be deducted from the bill of the third term; or if pupil gives up room before September 1st the deposit will be returned.

8. *Scholarships.*—A scholarship covering tuition for one year in the scholastic department is offered to the girl of the highest standing in her studies in each high school of Carroll county. A scholarship covering University fees for three terms is awarded by the University of Chicago to that one of the graduating class of the Frances Shimer Academy who has stood highest in the work of the school.

9. No pupil may receive the diploma of the Academy whose bills are not fully paid.

General Information

Selection of the Courses of Study.—The work of the first year is substantially the same for all students. At the beginning of the second year each student will choose, with the advice of the Dean and the approval of her parents, the course best adapted to her needs and aims.

Special Students.—Students who do not expect to go to college may select such studies as they wish, under the limitations named on p. 13, and may secure a diploma after having done the fifteen units in any work selected.

Examination and Grading of Students.—All examinations passed in the Academy in college preparatory subjects are credited toward admission to the University of Chicago. A student, therefore, who has successfully completed her Academy course and wishes to enter is admitted to the University without further examination. Examinations are held at the close of each term. The average of the term grade and the examination grade is the final grade which is reported to parents as A, B, C, or D. Those who receive C must take another examination within six weeks. Those who receive D must repeat the subject to receive credit. Pupils absent from examinations, without good excuse, must take private examinations and pay the Academy \$1 compensation for the extra work. Special examinations, \$1.

Absences.—Permission must be obtained, when practicable, in advance, for absence from church, from physical exercises, from chapel, and from study hours, as well as from recitations. Students are expected to attend every exercise. Parents are requested not to ask that their daughters be excused before the work of the term is entirely completed. Such requests are rarely granted. The full work continues to the hour of closing, and full work begins at the hour of opening after winter and spring vacations. Lessons lost from tardiness are not made up.

Guests.—When notified in advance, the Academy is glad to entertain relatives and friends of pupils not to exceed two days at one time, at a charge of \$1 a day, 25 cents a meal. Parents who come to inspect the school, or who bring their daughters to the school, are particularly welcome. At commencement this proffer of hospitality is necessarily limited to Seniors, and in no case can the Academy entertain more than two guests for any one pupil.

Absence from the Town.—No student may, under any circumstances, leave the town without permission previously obtained from the Lady Principal, on written request of parent. Pupils are not allowed to spend the night away from the Academy except in their own homes. Parents are requested not to ask for exceptions to this rule.

Advantages of House Residence.—Students from out of town are required in

all cases, unless residing with near relatives or working for their board in an approved family, to occupy rooms in the Academy buildings. Students occupying such rooms avoid many distractions, come into very close contact with the life of the school, and are more likely to regard the school work as the one thing demanding their best efforts. They are led to cultivate a healthy spirit of self-reliance, and to gain from their fellow-students an enthusiasm for study and a knowledge of life. Not infrequently the best and most lasting results of school life are derived from its associations. Rules for house pupils are furnished on entrance.

Rooms and Furnishings.—Rooms are of different kinds and sizes. Rooms in Hathaway Hall are intended for two. Several rooms in West Hall are single. For one pupil in a room see p. 35. All rooms are furnished with hardwood floors, beds, chairs, table, bureau, washstand, crockery, and window shades. Students furnish *rugs, sheets, pillow cases 26×20, all bed clothing, towels, napkins and napkin ring, knife, fork, spoon (for use in their own rooms), and lamp.* All articles must be plainly marked with name (not initials) with indelible ink. (Double bed 6×4; single bed 6×3.) Beds as a rule are single.

Jewelry.—Pupils are requested to leave expensive jewelry at home.

Correspondence.—Pupils' letters are never opened by the Academy. When parents wish correspondence restricted, they should furnish list of correspondents.

On entering the Academy, every girl will receive personal attention as to her physical condition. Parents are earnestly requested to supply any information that would assist in forming a just estimate of the pupil's physical needs. Parents and friends will assist in preserving the health of the pupils if they will not send them food or confectionery except at Thanksgiving. *If food is sent, it will not be delivered.* The food furnished by the Academy is wholesome and abundant. Fruit may be furnished pupils if desired.

Express.—All express and telegrams must be sent in care of the Dean, and must be prepaid to avoid certain delay.

Religious Life of the Academy.—Daily chapel services are held, attended by all teachers and pupils. Once a week at chapel a pupil furnishes music, an essay, or recitation; and once a week the Dean speaks briefly. During the past year, among others, these topics have been used at Chapel or at Vespers Sunday evening: "Current Events, Cuba, Brazil, Russia, Panama," "Nothing in Excess," "Diseases, Real and Unreal," "The Simple Life," "Judge Gary," "On the Border of Pigmy Land," "Thanksgiving," "The Pleasures of Life as Related to Girls and Women," "This One Thing I Do," "Letters Home," "Paul's Letter to the Philippians," "On a Trip to Chicago," "Discouragement," "Abraham Lincoln," "Habit," "Readings from Longfellow."

A weekly prayer-meeting is sustained by the Young Women's Christian

Association. The pupils go to church and Sunday school at the churches in town. Sunday evening a meeting for the members of the house is held, led by the Dean or by one of the teachers or member of Y. W. C. A. The intention is that the influences in the Academy shall be those of a refined Christian home.

Registration Hours are on the day preceding the opening of each term, and on the day of opening. Changes in registration after the first week of each term, 50 cents.

All Business Communications should be addressed to the Dean.

Diplomas are granted pupils, who complete the work either in the Scholastic Department or in Music or Art or Elocution.

Y. W. C. A.

This organization maintains a weekly prayer-meeting, encourages the social life among the pupils, sends delegates to national students' gatherings, takes charge of Sunday evening meetings occasionally, and seeks in every way to stimulate religious interest among the pupils. The officers are:

President, Hester Hopps.
Vice-President, May Belle Harris.
Treasurer, Winifred Munroe.
Secretary, Louise Wallace.

The Educational Aid Association

The object of this organization is to secure money to loan to pupils who are worthy and have need, and to enrich the library of the Academy with an annual contribution for books. The society consists of alumnae and teachers and friends of the Academy. The officers are:

President, Mrs. Elhanan Fisher.
Vice-President, Mrs. H. P. Miles.
Secretary, Mrs. J. M. Rinewalt.
Treasurer, Mrs. J. H. Miles.
Chairman Students' Aid Committee, Mrs. W. P. McKee.
Chairman Library Committee, Mrs. J. M. Rinewalt.

The Reunion Society

This organization includes alumnae, old students, and friends of the Academy whose purpose is to encourage friendly relations between old students and the Academy. It holds an annual business meeting at commencement time and gives a program and a picnic supper on the Academy grounds. The officers of the Reunion Society are:

President, Mrs. Sarah Mooney Palmer.
Vice President, Miss Grace Bawden.
Secretary, Mrs. Grace R. Squires.
Chairman, Executive Committee, Miss Effie Shaw.

THE FRANCES SHIMER ACADEMY

The Mt. Carroll Seminary and Frances Shimer Academy Association Students of Chicago; Mrs. Madge Myers Hislop, 6619 Washington Av., President.

The library consists of well-selected volumes, including recent works of reference and special departmental collections. The reading-room is supplied with a variety of wholesome current literature, including the *Chicago Tribune* and *Record Herald*, *Standard*, *Service*, *Outlook*, *Independent*, *Youth's Companion*, *Carroll County Mirror and Democrat*, *Interior*, *Century*, *Scribner's*, *Harper's*, *Review of Reviews*, *World To-Day*, *North American Review*, *Ladies' Home Journal*, *School Review*, *Biblical World*, *Baptist Missionary Magazine*, *Home Mission Monthly*, *Helping Hand*, *Collier's*, *Art Interchange*, *Keramic Studio*, *American Illustrated Magazine*.

New Pupils

Omnibuses meet all trains. All baggage should be plainly marked with owner's name and address, and the *Hall in which the room is engaged*. If not so marked an extra charge for transfer may be made.

Concerning Wills and Annuities

Have you remembered the Academy in your will? It has no resources except Mrs. Shimer's estate and its income from pupils. Use this form for bequest:

FORM OF LEGACY

I also give and bequeath to THE FRANCES SHIMER ACADEMY OF THE UNIVERSITY OF CHICAGOdollars for the purposes of the Academy, as specified in the Act of Incorporation. And I hereby direct my executor (or executors) to pay said sum to the Treasurer of said Academy, taking his receipt therefor, withinmonths after my decease.

FORM OF A DEVISE OF REAL ESTATE

I also give, bequeath, and devise to THE FRANCES SHIMER ACADEMY OF THE UNIVERSITY OF CHICAGO one certain lot of land with the buildings thereon standing (here describe the premises with exactness and particularity) to be held and possessed by the said Academy, its successors and assigns forever for the purposes specified in the Act of Incorporation.

Write the Dean concerning annuities.
